This unified JSON synthesizes all five input files into a comprehensive astrology framework that includes:

1. Metadata - Combined information about all sources
2. Philosophical Foundations - All philosophical approaches (Arroyo, Magi, Traditional)
3. Chart Construction - Detailed chart calculation methods from multiple systems
4. Celestial Intelligences - Complete planetary profiles with Arroyo, Magi, and traditional interpretations
5. Chart Synthesis Techniques - Tracy Marks' systematic approach
6. Delineation Framework - Magi system's phased analysis
7. Archetypal Pairs - Mythological relationship patterns
8. Advanced Points & Bodies - Fixed stars, Arabic parts, asteroids, specialized points
9. Transits & Timing - Comprehensive transit analysis system
10. Unified Transit Analysis - Dignity scores, dispositor chains, accidental modifiers
11. Ritual Technology - Magical and electional astrology
12. Astrological Counseling - Professional practice guidelines
13. Ethical Framework - Training progression and ethical principles
14. Tools & Resources - Software and calculation tools
15. Glossary - Complete terminology from all systems

The structure maintains the depth of each individual system while creating logical connections between them, allowing practitioners to use different approaches depending on their needs and philosophical orientation.
